MEMORANDUM FOR THE RECORD

SUBJECT: Justification for Project Approval -
William L. Saltonstall

1. On 4 January 1966, Mr. William L. Saltonstall accompanied his father, Senator Saltonstall, on a tour of the Itek Corporation at Newton, Waltham, Burlington, and Lexington, Massachusetts. A technical briefing of the CORONA/IDEALIST and KEDLOCK systems were afforded Senator Saltonstall and his son at this time.

2. Although the Senator's visit to Itek was not sponsored by this Agency the tour and briefing did receive official authorization. Established Agency policy permits members of the Senate to be so briefed without formal access approval or the execution of a security agreement. Subsequently this Office was advised by the DD/OSP and EXO/OSA that arrangements should be made through the Office of General Counsel for the appropriate security clearances for William L. Saltonstall who functions as the administrative assistant to the Senator.

3. Therefore, it is requested in order to complete the administrative actions required in this case that the accompanying form 2018a (Special Clearance and or Billet Approval) be processed on an expeditious basis.
